

## Pink Pampering Packages

### Things you need from Amazon

**Pink Bubble Mailers:** Search 4x8 Pink Bubble Mailers. The cheapest/best deal I have found is a pack of 50 for \$12.99.

**3g containers clear with screw lid:** Search Beauticom 3G jars. The cheapest/best deal I have found is a pack of 200 for \$19.99. You can find both the clear lid and pink lids for this price. I suggest the 200 pack because depending what samples you have from the company you will need to use between 8 to 16 jars per pampering package.

- If the product is in a clear container that I put together myself I write the number of that item from the above list on the top of the lid and then the name of the product on the bottom of the container.

See pictures below to help put your pampering packages together and if you have any questions feel free to ask your Sales Director

These 2 pictures show you which full size products correlate to the samples you can get from the company so if you don't have samples or they are sold out and you can't get any then you can create your own samples in the clear jars!
