

What Ice Cream Flavor Are You?

Butter Pecan

Butter Pecan ice cream types are organized, put-together, and generally valued for their fairness, efficiency and lack of pretension -- you won't see a Butter Pecan type putting on airs. In fact, it may be hard for a no-nonsense Butter Pecan type like you to express yourself at all, even though you're privately quite sympathetic and observant. No doubt you like to plan ahead and take charge, which means you're often over-committed.

Fun fact: Butter Pecan is tied with Strawberry for the third most popular ice cream flavor.

Chocolate Chip

If you're a Chocolate Chip ice cream type, you're a creative force to be reckoned with. No doubt you've got a competitive streak a mile wide. The good news is that it brings out the best in you by forcing you to live up to your own demanding standards. Friends value your magnetism, charm and originality.

Fun fact: Chocolate chip ice cream lovers tend to also indulge in other "chunky" flavors, such as Cookie Dough, Mint Chip and Rocky Road.

Strawberry

Strawberry ice cream types are naturally loyal, honest and trustworthy. No doubt you have a devoted circle of friends who rely on you for the right answer to any moral dilemma. Like Chocolate Chip types, you tend to set high standards for yourself, but you are also somewhat shy and reserved. And you don't like to admit it, but you're also a tad pessimistic. Maybe you're just disappointed that no one can seem to live up to your own sense of responsibility and forthrightness.

Fun fact: Strawberry is tied with Butter Pecan as the third most popular ice cream flavor.

Chocolate

If you're a Chocolate ice cream type, you are flirtatious, charming and even a little dramatic. No doubt you're an intuitive and sensitive person who puts a high value on family, relationships and romance. But your instincts may sometimes steer you wrong. Your liveliness and your trusting nature have earned you many admirers and friends.

Fun fact: Chocolate is the second most popular ice cream flavor.

Vanilla

Contrary to what you may expect, Vanilla ice cream types aren't bland or boring. Rather, you're probably quite gregarious, impulsive, fun loving and expressive. You may have a hard time making up your mind -- Vanillas are known for never saying no, even when they probably should. Vanilla types also tend to take a romantic, hopeful view of life. Your motto: Live for the moment, and everything will work out fine.

Fun fact: Vanilla is far and away the most popular ice cream flavor.
