

Mom

For the hands that washed my little hands,  
And helped me to make 'Bigger Plans',  
The hands that wiped my tears away,  
And said there'd be a better day!  
The hands that helped me tie my shoe,  
And said, "There's nothing You can't do."  
Your hands have handled me with care,  
I always knew...YOU would be there!  
On this very special day,  
There is one thing I have to say....  
Your hands were there my whole life through,  
I love you, Mom, for all you do.  
Enjoy 'Satin Hands' & think of me  
Every time you do...  
I Love You!
